

## MARINE Products

**LOTUS** Marine product range includes technologically advanced lubricants: cylinder oils, system oils, transmission oils, hydraulic oils, greases and other fluids for on-board auxiliary machinery.

**LOTUS** Products are available for each type of units: small outboards, recreational boats, yachts, inland barges, fishery units & also for bigger vessels and cruise ships

### Marine Diesel Engine Oils ISO 20, 30, 50

**LOTUS** Slow-speed, two-stroke crosshead engines (60 – 250 rpm)  
Medium-speed, four-stroke trunk piston engines (400 – 1000 rpm)  
High-speed, four-stroke engines (> 1000 rpm)

### Marine Turbine Oils ISO 32, 46, 68

**LOTUS** Developed primarily for lubrication of bearings and gears of steam and gas turbines  
High-speed, four-stroke engines (> 1000 rpm)

### Marine Hydraulic Oils ISO 15, 22, 32, 46, 68, 100, 150

**LOTUS** hydraulic oils feature a high viscosity index and a low pour point, allowing operation in both tropical and arctic conditions.

### Marine Compressor Oils

**LOTUS** Air compressor oils, Refrigerating compressor oils, or Gas compressor oils

### Marine Gear Oils ISO 68, 100, 150, 220, 320, 460

Operating in severe conditions **LOTUS** provides unsurpassed performance and long equipment life.

Open Gear Lubricants, Greases, and  
Rust Preventatives lubricants.

**LOTUS<sup>™</sup>** has advantage in the research and production of high performance lubricants for all types of engines; We are able to provide the right lubricant, From motorcycle engines to the most sophisticated sports vehicles, from powerful diesel trucks to agricultural tractors, from electrical energy generation turbines to the giant engines for ship building industry; for each application, We always have a suitable product able to ensure high performance.

#### ADVANCED TECHNOLOGY USED FOR ADVANCED PRODUCTS TO DELIVER THE BEST PERFORMANCE

**LOTUS<sup>™</sup>** formulations meets the various lubricating needs of all kinds of vehicles produced by manufacturers. Our research and development provides continuous updates of the range of lubricants in order to provide products that are in line with the increasingly strict specifications of manufacturers, and an increased search for improved fuel economy and better performance.

**LOTUS<sup>™</sup>** is perfecting the Art of Oil and Liquid Engineering for the Best Performance.

All our products are made in ISO Certified & one of the most advanced facilities with meeting or exceeding API Certification & various OEMs approvals grades.

Lotus Lubes TM offers various grades of Lubricants, Oil and high performance Grease for... Automotive, Marine & Industrial grades.

Automotive & Small Engine

Diesel & Gasoline Engine Oil

Commercial Lubricants

Heavy Duty / High Mileage Oils

Motorcycle Oil

Automatic Transmission Fluid

Hydraulic System Oil

Automotive Gear Oil

Mining Industry Oil

Bar & Chain Oil

Metal Working Fluids

Turbine / Transformer Oil

BIO DEGRADABLE Lubricants

Extreme Pressure Lithium Grease

Industrial Gear Lubricants

Marine Lubricants

Performance Additives & Chemicals

Anti-Freeze & Coolants

#### AUTOMOTIVE Products

FULL Synthetic Motor oil

Synthetic Blends Motor Oil

High Performance Street Motor Synthetic Oil

High Mileage Synthetic Motor Oil

Extreme Performance Synthetic Racing Oil

Break-in Oil

High Performance Synthetic Gear Oil

Manual Transmission Fluid

Synthetic Automatic Transmission Fluid

Fuel System Cleaner & Stabilizer

Octane Booster & Cetane Booster

Fuel Injection Cleaner

Radiator Coolant Additive

Cooling System Flush

Power Steering Fluid

Power Gear Oil

Non Detergent Oils

#### GREASES

**LOTUS<sup>™</sup>** provides various NGLI grades of Greases for various applications...

Calcium grease

Lithium grease

Complex grease

Multipurpose grease

MolyCAT grease

Extreme Pressure Greases

API SN, SM, SL and SJ

ACEA A1/B1-10, A1/B1-12 (SAE 0W-20, SAE 5W-20, SAE 5W-30, SAE 10W-30\*)

ACEA A5/B5-10, A5/B5-12 (SAE 5W-30, SAE 10W-30)

ILSAC GF-5

Exceeds ILSAC GF-5 engine cleansing and protection requirements

**HIGH PERFORMANCE & QUALITY PRODUCTS for Most Affordable prices available for all.**

**Pack Sizes Available in Quarts, Pail, Drums, Totes, Bulk**

#### INDUSTRIAL Products

**LOTUS<sup>™</sup>** Industrial lubricants are used in variety of equipment and applications.

All types of products used for the lubrication of industrial machines, such as hydraulic systems, turbines, compressors, bearings, open and closed gears, machine tool slideway, pneumatic tools & Industrial transmissions

**Bearing & Chain Lubricants**

**Turbine Oil**

**Compressor & Vacuum Pump Lubricants**

(ISO 32, 46, 68, 100, 150, 220)

**Gear Lubricants**

(API GL-5, SAE 90, 140, 80W-90, 84W-140)

**Heat Transfer Fluids & Coolants**

**Cutting Oil & Flushing Oil**

**Heat Transfer Fluids**

**Hydraulic Fluids-Zinc free**

**Multipurpose Lubricants**

**Penetrating Oils & Rust Preventive Lubricants**

**Pneumatic Lubricants**

**Wire Rope Lubricants**

**Metal Working Fluids**

#### MINING PRODUCTS

**Rust Preventives**

**Synthetic Lubricants**

**Anti-Friction Bearing &**

**Bushing Greases**

**Electric Motor Bearing Greases**

**Wire Rope & Cable Lubricants**

**Enclosed Gear & Worm Drive Oils**

**Open Gear and Multi-Service Lubricants**

**Mill Gear & Drive Lubricants**

**Propel Lubricants**

**Rolling Stock Lubricants**

**Moly Lubricants**

**LOTUS<sup>™</sup>** is a recognised International Brand and is one of the FASTEST GROWING BRAND IN USA
